MartyLestock.com 

One time educator turned software boffin that loves tech, education, and 50s Telecaster guitars. Possesses strong communication, time management, and teamwork skills. A flexible, creative, and self-motivated individual that looks to bridge the gap between technology, education, and coffee.

---

## Skills

- HTML
- JavaScript
- jQuery
- React js
- Java
- Node.js
- Redux
- Passport
- APIs
- PostgreSQL
- CSS3
- Materialize CSS
- Bootstrap
- Material UI
- Learns new software quickly
- Implemented numerous software
- Adapts to new environments quickly
- Works well in teams
- Effective communicator
- Proficient project manager
- Attentive to detail

---

## Experience

JULY 2019 – PRESENT

### Full Stack Software Developer / Prime Digital Academy

#### Team Client Project -

- Worked with a team to develop Water Ways, a mobile-first full stack application for client
- Application allows users to locate and add springs, artesian wells, and potable water
- Used **Google maps**, **places**, and **geolocation** to mark points
- Users able to mark new location, leave reviews, and search locations.
- Accessed DNR records to populate map with real data points
- Communicated with the client about SCOPE and project progress
- **Developed with Reactjs, Redux, Redux-Sagas, Node, PostgreSQL, and Material-UI**

#### Solo Project -

- Developed Drink-Linkz, a mobile-first full stack application for solo project
- Users are able to locate and add happy hour times to local businesses
- Used **Google maps** and **GooglePlaces** to mark happy hours in users area
- Used crowd sourced data to populate Google map with data points
- Populated database with correct times and locations
- **Developed with Reactjs, Redux, Redux-Sagas, Node, PostgreSQL, Passport, and Materialize**

MARCH 2012 – AUGUST 2019

## **Instrumental Music Teacher, Grades 6-12 /**

### **Humboldt Secondary School**

- Taught and managed Humboldt's 6-12 music education program
- Taught a variety of subjects including band, orchestra, guitar, and music explorations
- Coordinated and lead concert performances of 100+ students
- Differentiated lessons and curriculum for SPED/ELL students
- Integrated technology and culturally relevant material into curriculum
- Managed auditorium lights and sound
- Assisted in coordinating multiple Saint Paul Chamber Orchestra performances at Humboldt

JUNE 2011 – PRESENT
